19. FORMAT OF RACING

Bracket racing does not have competitors divided into classes of motorcycle but into similar lap times regardless of motorcycle used.

We anticipate having groupings of approximately 3 to 4 seconds per bracket, which may be adjusted at the discretion of officials depending on numbers within that time frame. Several brackets may be on track at the same time depending on numbers, with the faster bracket starting at the front of a split grid. Riders may start from the rear of the grid for their bracket if they so desire.

Riders that break out of their time bracket will be awarded a 10 second penalty for that race, and may be moved to the next bracket at the discretion of officials.

There will also be a race for Supermoto at the conclusion of bracket racing which will not be divided into brackets

20. ANTICIPATED BRACKETS

The anticipated Brackets are

- T1 under 62 seconds*
- T2 62-63 seconds*
- T3 63-65 seconds*
- T4 65-67 seconds*
- T5 67-70 seconds*
- T6 70-74 seconds*.
- T7 74-78 seconds*
- T8 78 and over seconds*

*Bracket times may vary depending on the number of riders.

Riders may nominate their time bracket if they know what sort of lap times they will be capable of, but may be moved to a different bracket if their qualifying times differ significantly from that nominated.

21. QUALIFYING FORMAT

There will be 4 qualifying groups catering for Advanced, Intermediate A, Intermediate B & Slow/Novice groups.

Each group will have 3 qualifying sessions of 10 minutes. The final qualifying session will be for Supermoto.

A rider's fastest lap will be used to determine their Race Bracket.

Riders may change to a different qualifying group after their first session, upon application to the race secretary, if they find they are in the wrong group.

Each Bracket will have 4 races (time permitting).
